12-2-23	Footlocker, Eastbay (or whoever sponsors this year)	Walnut California			

* We are again Planning on going to East Bay in California This Year. I will give out more information about this trip later. However, to go on this trip, there is an additional fee to cover the out of state travel and runners must make the commitment to keep training with the team up to this meet (I do make accommodations for those doing a winter sport who can't make all the XC practices). All those going on the trip must be in Good Standing academically and behaviorally at Judge and the Dean and Principal have final say if you will be allowed to travel with the team.
